X1 12. [] LIAISON Jack Ticer, Senate
X1 Armed Services Committee staff, called to inquire about the
status of [] clearances for George Foster, of the
Committee staff. Mr. Foster will be traveling to the West
Coast and needs the clearances for reviewing certain programs.
Arrangements were made for the clearances to be approved and
for Mr. Foster to be appropriately briefed.

X1 13. [] LIAISON Called Joseph Frumkin, on
the staff of Senator H. John Heinz III (R., Pa.), who prompted
the letter from GAO to the Agency dated 24 October 1978
requesting extensive data on the extent to which the Agency
conducts research on the Soviet Union. Frumkin accepted the
limited response that the Agency will make based on the criteria
that we previously discussed (see Memorandum For the Record.)
The response is being prepared by NFAC.

X1 14. [] LIAISON Mr. Hitz and I had lunch
in the Senate dining room with Len Parkinson, Senator Dale L.
Bumpers' (D., Ark.) staff representative on the Senate Appropriations
Subcommittee on Defense. Mr. Parkinson stressed his need for
Agency briefings, particularly in relation to SALT, in order to
assure that he keeps Senator Bumpers informed. We also talked
about arranging a trip for Senator Bumpers to the West Coast to
visit [] early on in
X1 the next session. Mr. Parkinson emphasized that Senator Bumpers
has expressed a strong interest in intelligence and will be
following the activities of the Agency closely. Mr. Hitz
assured that we will provide full support.

X1 15. [] THIRD AGENCY Called Mary Rose,
secretary to NRC Commissioner John Ahearn, and arrangements were
made for the CIA documents on [] to be hand carried by an
X1 Agency representative to Mr. Ahearn's office, Room 1156, 1717 H
Street N.W. at 10:00 a.m. Friday, 3 November. The representative
will remain with the documents during the review. The other
Commissioners will review the same material at a later date
under the same arrangements.

X1 16. [] THIRD AGENCY Called the
secretary of Assistant Attorney General Robert L. Keuch,
Department of Justice to determine where within the Agency
Justice, in May, referred a letter from a constituent of Senator
John G. Tower (R., Texas) since we could find no record of it
having been received. Further checking revealed that the
letter was sent to the Agency without the covering letter from
Senator Tower's office. The letter was routed to the Office of
Security and no action was taken since it was considered a "crank"
letter by the Office of Security and further, that office does
not respond to inquiries from inmates of a prison as a matter of
policy. Senator Tower's office has now sent another letter from
the constituent to the Agency for response.

X1 1. [] THIRD AGENCY *oga* Cliff Fowler, GAO, called regarding our 25 October letter to GAO Energy and Minerals Division Director J. Dexter Peach concerning our review of their classified report on [] for possible declassification. Fowler said that we failed to indicate at which level we felt the report was classified and also wanted to know if each and every page had to be stamped. I advised him that the proper level for the classification of this report was Secret and that indeed each page of the report should be stamped accordingly. 25X

X1 2. [] LIAISON Mr. Lee Gossick, Executive Director of Operations, NRC, and members of his staff, Robert Burnett, Thomas Carter, and Ralph Page, reviewed the CIA documents on [] which were reviewed by Dr. Henry Myers, Staff Assistant, House Interior and Insular Affairs Subcommittee on Energy and the Environment, from 10:00 a.m. to 12:30 p.m. today in the C&R Conference Room, 6D0120. They completed their review without comment and without taking any notes. As a further follow up to NRC Chairman Joseph Hendrie's call to the DCI, Mr. Gossick requested that arrangements be made for the documents to be reviewed by the NRC Commissioners in their offices. He furnished a list of the Commissioners and their telephone numbers and requested that they be contacted directly. (See Memorandum to [] Desk.) 25X

X1 3. [] FOIA/LIAISON Had several telephone conversations with Mr. Norman Shapiro, of Representative William Moorhead's (D., Pa.) office. (See Memorandum for the Record.)

X1 4. [] LIAISON Due to the fact that the stand-down on relations between the Agency and the House Committee on Standards of Official Conduct caused by unauthorized disclosure of intelligence information was not lifted before the HCSOC went out of business, their request of 2 May 1978 for information relevant to the Committee's investigation, which was assembled by the Agency, was not reviewed by the Committee.

X1 7. [] LIAISON Received a call from Hazel Denton, Congressional Budget Office, who said she had seen the Agency's new unclassified publication on U.S. trade with LDCs. She said she was currently preparing a report and that our publication would be very helpful to her. I informed her we did not want to get into the position of sending too many copies of a single report to one office but in this case I thought we would be able to send her a copy. She was most appreciative.

X1 8. [] LIAISON Received a call from Tom Crowley, Senate Select Committee on Intelligence staff, referring to a Christian Science Monitor article which quoted a PLO spokesman to the effect that Americans will be targets for terrorist attacks in the Middle East because of the Camp David accords. Crowley asked if we had any information on this and if so he would like to be briefed on it.

X1 9. [] LIAISON Called Ted Ralston, Senate Select Committee on Intelligence staff, on the secure line and discussed the letter (Q5094) from Chairman Birch Bayh (D., Ind.) requesting a SALT I monitoring history. Ralston, who had prepared the letter, gave me more detail on what was needed. In addition, Ralston requested graphics assistance for the Committee's report on SALT verification. He gave me a list of four subjects he needs imagery of and indicated he had some graphics he would like enlarged to briefing board size. I said I would see if we could do this for him.
